DRINK MENU

On 12 May 1989, the Estonian Shipping Company (ESCO) and the Finnish Palkkihtymä Oy established a new subsidiary – Tallink, to offer passenger transportation services between the two neighbouring capitals, Tallinn and Helsinki.

During the years, a few dozen ships have sailed under Tallink's flag on a variety of routes on the Baltic Sea, bringing back fond memories and being dear to those, who have travelled or worked on them. Whether it be Romantika – our very first newbuilding delivered to us, Superstar – a shuttle ship offering fast connection no matter the weather, or Regina Baltica – one of our first ships that sailed on our beautiful Baltic Sea landscape between Tallinn and Stockholm. To name just a few.

2019 marks the 30th anniversary for Tallink and to the celebrate the occasion, our bartenders have carefully crafted these jubilee cocktails, inspired by our ships, for You to enjoy.

Let's celebrate!

## Mocktails & virgin drinks

---

"Reality is an illusion that occurs due to lack of alcohol." -- Anonymous

Neymar, Usain Bolt and Michael Jordan are sitting this one out. No superstars allowed. Let the rest of the team shine. If you think mocktails and virgin drinks are mere husks of their louder selves, think again. They're glamorous and responsible. Give these delightful liquids the respect they deserve. Slip them into your food pyramid.
